Precision Feed Management Solutions

TMR Tracker™ Touch provides the ability to quickly update group changes, weighback, dry matter and more, directly from your smart phone or tablet. Farm managers, herd managers, and feeders communicate more effectively with TMR Tracker™ Touch as a part of Digi-Star's TMR Tracker™ total precision feeding solution.

TMR Tracker™ Touch works with WiFi or 3G or higher. When paired with Digi-Star's DataLink®, group data or ingredient dry matter changes are sent automatically to the scale.
