

# Don't Touch Me!

# No Touch Operation! No Loss of Records! • No Training!

## **AUTOLOG™**

- *No need to remember to push the Start/Stop button when unloading!*
- *With the use of a magnetic switch and new software, it's done automatically...no matter who is operating your grain cart.*
- *Innovative, full-featured grain cart interface system provides significant field recording and management benefits.*

## **AUTOLOG™** (patent pending) Automatic Start/Stop Function
